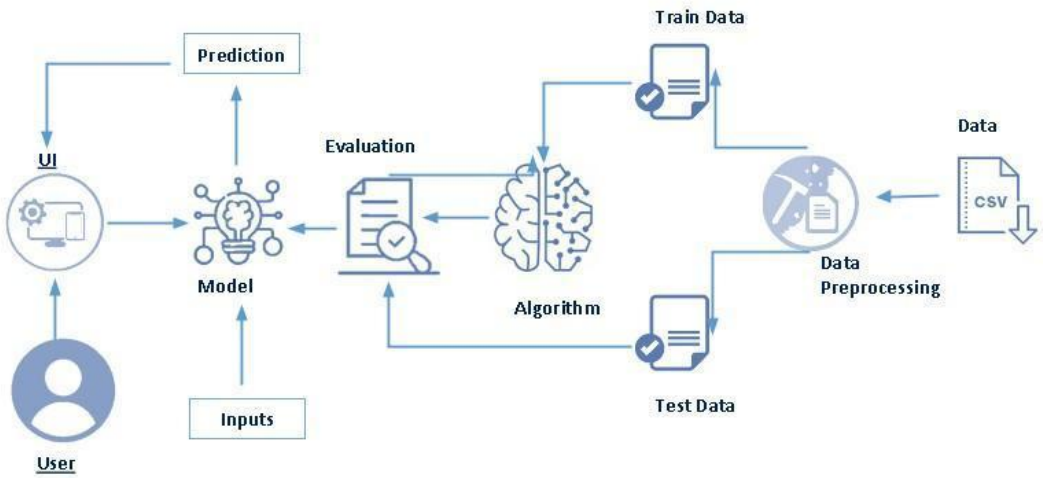
Project Design Phase-II
Data Flow Diagram & User Stories

Date	27 January 2026
Team ID	LTVIP2026TMIDS79347
Project Name	Online payment fraud detection using machine learning
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Example:



User Stories

Use the below template to list all the user stories for the product.

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance Criteria	Priority	Release
Customer (Mobile user)	Registration	USN-1	As a user, I can register using email and password to create my account	User account is created and redirected to dashboard	High	Sprint-1
Customer (Mobile user)	Login	USN-2	As a user, I can log in securely using email and password	User can successfully access dashboard	High	Sprint-1
Customer (Mobile user)	Transaction Monitoring	USN-3	As a user, I can view my recent transactions	Transaction history is displayed correctly	High	Sprint-1
Customer (Mobile user)	Fraud Alert	USN-4	As a user, I receive instant alert when a suspicious transaction is detected	Alert notification is sent via SMS/Email/App	High	Sprint-2
Customer (Mobile user)	Report Fraud	USN-5	As a user, I can report a transaction as fraudulent	Report is submitted and case ID is generated	High	Sprint-2
Customer (Web user)	Dashboard	USN-6	As a web user, I can view fraud risk score of my transactions	Risk score is visible with transaction details	Medium	Sprint-2
Customer Care Executive	Case Management	USN-7	As a customer care executive, I can view reported fraud cases	Fraud case details are accessible	High	Sprint-2
Customer Care Executive	Case Update	USN-8	As a customer care executive, I can update case status	Case status changes (Open/Investigating/Resolved)	Medium	Sprint-3
Administrator	Model Management	USN-9	As an admin, I can upload and update ML fraud detection model	New model is deployed successfully	High	Sprint-3
Administrator	Monitoring Dashboard	USN-10	As an admin, I can monitor fraud detection statistics	Fraud rate, false positives & accuracy metrics displayed	High	Sprint-3
